As Minister of Exterior Relations in Madero's former Cabinet, Lascurain is entitled to serve as next in line, in view of the deaths of Madero and Vice President Suarez. The Huerta Cabinet would be retained by the compromise.

During the trip back the party became lost, and traveled miles out of the way. To-morrow morning the party will start for Ohio River points. Practically all members of the commission to-night were agreed with Governor Cox in the plan announced to-day of State aid for the rehabilitation for points in the State which have suffered most from the recent high waters. In brief, the plan calls for the enactment of a State law by which municipalities and other political subdivisions would be able to issue bonds immediately without submitting the bond issue question to a vote of the people.
